**THE PRACTICE OF HERITAGE BUILDING CONSERVATION
IN KUALA LUMPUR, MALAYSIA**

2.1	Introduction	10
2.2	Conservation definition	10
2.2.1	Conservation, Preservation and Maintenance	11
2.2.2	Heritage	12
2.2.3	Heritage Buildings	14
2.2.4	Heritage Conservation Building Conservation	15
2.2.5	Heritage Conservation and Urban Planning	16
2.3	Conservation Concept and Principle	16
2.4	Authenticity in Conservation	18
2.5	Heritage Building Conservation Practice and Process	19
2.5.1	Stage 1: Documentation	19
2.5.2	Stage 2: Dilapidation Survey and Building Investigation	20
2.5.3	Stage 3: Conservation Works	22
2.6	Conservation Approach	23
2.6.1	Restoration	24
2.6.2	Preservation	24
2.6.3	Reconstruction	24
2.7	Benefits of Conservation of Heritage Buildings	25
2.7.1	Economic Benefits	25

2.7.2	Social Benefits	26
2.7.3	Cultural Benefits	27
2.7.4	Sustainability Benefits	27
2.8	Conservation of Historical Buildings in Kuala Lumpur	28
2.9	Policies and Legislation Aspects for Heritage	30
	Building Conservation	
2.9.1	Antiquity Act 1976	30
2.9.2	Town and Country Act 1976	30
2.9.3	Local Government Act 1986	31
2.9.4	Categories of Historical Buildings for	31
	Conservation in Kuala Lumpur City Council	
	(DBKL)	
2.10	Challenges in Conserving the Historical Buildings	32
	In Kuala Lumpur	
2.10.1	Owners are lack of concern and knowledge	32
	on conservation matters	
2.10.2	Lack of skill workers and the conservator	33
	challenges	
2.10.3.	Insufficient funding and financial aid	33
2.10.4.	High cost of delicate maintenance process	33
2.10.5.	Difficulty in implementing the conservation	34
	activities	
2.10.6	Complex conservation plan	34

2.10.7. Source of Materials	34
2.10.8. Conservation Guidelines for Conservation Works	35
2.11 Gazetting Historical (Pre War) Buildings for Conservation in Kuala Lumpur	35
2.12 The Typical Conservation Process (TCP) Practised in the United Kingdom	35
2.12.1 The Identification Process	36
2.12.1.1 The Survey Work	36
2.12.1.2 The Listing Process	37
2.12.1.3 The Gazetting Process	37
2.12.2 Establishing Conservation Policies	38
2.12.3 Preparation of Mechanism in Buildings Conservation	38
2.12.4 Making Local Decision within the Policies besides National Policies	39
2.12.5 Providing Technical Support for Conservation	39
2.12.6 Project Delivery on Site	39
2.12.7 Building Maintenance	39
2.13 Summary	40

RESEARCH METHODOLOGY

3.1	Introduction.	41
3.2	Data Collection	43
3.2.1	Primary Source	44
3.2.1.1	Validity	44
3.2.1.2	Authenticity	45
3.2.1.3	Reliability	45
3.2.2	Secondary Source	46
3.2.2.1	Validity	47
3.2.2.2	Relevance	47
3.2.2.3	Accuracy	47
3.2.2.4	Sufficiency	47
3.2.3	Case Study Research	48
3.3	Method Used for Data Collection	49
3.3.1	Quantitative Method	50
3.3.1.1	Hand - Delivered Questionnaire	51
3.3.1.2	Mail Survey Questionnaire	51
3.3.2	Qualitative Method	52
3.4	Data Analysis	53
3.4.1	Data Analysis for Quantitative Method	53
3.4.2	Data Analysis for Qualitative Method	54
3.5	Summary	55

DATA ANALYSIS AND FINDINGS

4.1	Introduction	56
4.2	Questionnaire Survey Respondents (Quantitative Method)	56
4.2.1	Overall Response Rate	56
4.2.2	Response Rate of Each Group	57
4.3	Respondent's Details	58
4.4	Respondent's Profile	58
4.4.1	Respondent's Level of Experience in the Industry	59
4.5	Questionnaire Survey Analysis	60
4.5.1	Section C Part 1: How is the practice of Heritage Building Conservation in Kuala Lumpur?	61
4.5.1.1	Data Analysis of Statement 1 to Statement 6	62
4.5.1.2	Analysis Discussion of Statement 1 to Statement 6	64
4.5.2	Section C Part 2: The importance and benefits of Conserving these buildings	67
4.5.2.1	Data Analysis of Statement 7 to Statement 12	68
4.5.2.2	Analysis Discussion of	70

	Statement 7 to Statement 12	
4.5.3	Section C Part 3: What are the barriers of Heritage Building Conservation?	73
4.5.3.1	Data Analysis of Statement 13 to Statement 18	74
4.5.3.2	Analysis Discussion of Statement 13 to Statement 18	76
4.5.4	Section C Part 4: Strategies in practicing Heritage Building Conservation	79
4.5.4.1	Data Analysis of Statement 19 to Statement 23	80
4.5.4.2	Analysis Discussion of Statement 19 to Statement 23	82
4.6	Interview Responses Analysis (Qualitative Method)	84
4.6.1	Participant 1	84
4.6.2	Participant 2	85
4.6.3	Participant 3	85
4.6.4	Participant 4	86
4.7	Summary	86

CASE STUDY: KUALA LUMPUR RAILWAY STATION

5.1	Introduction	87
5.2	Background/History of Kuala Lumpur Railway Station	87
5.2.1	Context of Kuala Lumpur Railway Station	87
5.2.2	Design approach of Kuala Lumpur Railway Station	88
5.2.3	Function and purpose of railway station	90
5.2.3.1	Context of railway station	90
5.2.3.2	Function of railway station	91
5.2.3.2.1	The revolution of railway stations	91
5.2.3.2.2	Facilities in current railway stations	93
5.3	Conservation Practice Made	94
5.3.1	Draft Kuala Lumpur City Plan 2020	94
5.3.1.1	Heritage Zone	95
5.3.1.2	Categories of Buildings	97
5.4	Conservation Process/ Method	98
5.4.1	Façade treatment	98
5.4.2	Materials	98
5.4.2.1	Walls	98
5.4.2.2	Windows, doors and shutters	98
5.4.3	Car parking and motorcycle parking	100
5.4.4	Flow chart for conserving KLRS	101
5.5	Conservation Legalisation	101

5.5.1	National Heritage Act 2005	102
5.5.2	Federal Territory Planning Act 1982 (Act 267)	102
5.6.	Conservation bodies, parties and organizations involved/ responsible	103
5.6.1	Official Conservation Committees	103
5.6.1.1	Conservation and Urban Design Unit of Kuala Lumpur City Hall	103
5.6.1.2	Ministry of Unity, Culture, Arts and Heritage	103
5.6.2	Heritage of Trust Malaysia (NGO)	104
5.7	Conservation difficulties and challenges of the railway station	104
5.8	Summary	105
6	CONCLUSION AND RECOMENDATION	
6.1	Introduction	106
6.2	Conclusion	106
6.3	Recommendation	109

ACKNOWLEDGMENT

I would like to extend my utmost gratitude to my supervisor, Mr. Yeaw Win Shyang for the countless help that he has given me throughout the building up of this project. Without his supervision, this project would not be a definite success. Furthermore, his sincere advice, kindness and cares really motivate me while giving me the energy to move forward with this.

My grateful appreciation goes to Dr Chan Siew Chong for his guidance of my research and all of the lecturers in Bachelor of Science (Hons) Quantity Surveying, INTI Internatinal University, Nilai. A big thanks to all of my coursemates and seniors of Bsc. (Hons) in Quantity Surveying course for all of their helpful advice that has given me a great deal of set skills. It was a really wonderful experience to share knowledge with them.

Great deals appreciated to my mother, Norhayati Binti Ahmad, for given me the motivation, the capital, the energy, and the advice needed for me to complete this project.

Last but not least, special thanks to my older brother, Muhammad Khairi Bin NoorIzam, an Interior Architectural student in Limkokwing University, Cyberjaya, and my best friend Ahmad Shahir Bin Ismail, a graduate engineer student of Vanderbilt University, Tennessee, USA, for helping me out in this project. Their tireless effort and energy that they have put in it drives me to work harder in this study.

DECLARATION

I Nurkhariah Sakinah Binti NoorIzam, I09004823 confirm that the work in this report is my own work and the appropriate credit has been given where references have been made to the work of other researchers.
